## We Make Being an Entrepreneur Easy!

Are you seeking the independence of owning your own business? Are you looking for a business to supplement your full-time income? Are you looking for a business that you can do together as a family? The reasons for becoming a Tropical Sno Dealer are numerous; whatever your reasons are, Tropical Sno is here to assist you every step of the way.

## A Proven System

Our system is simple. We license our dealers to use our name and logo in their business and, in return, the dealer agrees to use the Tropical Sno products exclusively and to promote the Tropical Sno brand. We will never charge any fees, royalties, or blue sky.

## Quality Products

We believe that to be successful in any business you must sell high quality merchandise. To this end, we are committed to selling only the very finest products: from our amazing flavors to our machines and accessories. Everything we sell must be quality or we won't sell it.

## Powerful Brand

Tropical Sno is an internationally recognized brand that is federally registered and has a reputation for quality and service. Today's consumers are increasingly brand conscious, and as a rule, people trust a known brand over an independent establishment. Why? Consumers know that with an established brand they can expect consistent and reliable product quality and outstanding service.

## Superior Service & Support

We realize that in order for our company to be successful, you must be successful first. Our team is dedicated to providing each dealer with the training and support they need to be successful.

## Profitability

Tropical Sno is profitable! Cost of goods are typically 15-25% depending on the retail selling price. Start-up cost is less than \$30,000 and the return on investment is typically achieved in two years or less. To become an Independent Dealer or order products call us at: 800-975-4766

To be successful in the shave ice business you must sell quality flavors. Quality flavors add value to your business, and demand a higher retail price. Most importantly, quality flavors keep your customers coming back again and again.

We offer a complete line of flavors. Each flavor has its own distinct “real-to-life” taste. When your customers order Strawberry it actually tastes like Strawberries. You can mix Banana and Strawberry to make “Bananaberry” or mix Tangerine and Mango to make “Tangerango”. The flavor concoctions are virtually endless.

Tropical Sno Flavors are packaged in convenient dry powder packs that are safe and inexpensive to ship and require minimal storage space. Most importantly, dry powder flavors allow you to mix the flavors as you need them and have a much longer shelf life compared to liquid concentrate flavors. Tropical Sno flavors are available in convenient one gallon and one quart packages.

**Chocolate Cream Topping / TA-CR-CHOCO**

## TROPICAL SNO LITE SWEETNER

Life is sweet – and Lite Sweetener can make it even sweeter, by giving you a healthy, delicious alternative to sugar. When you replace sugar with Lite Sweetener, you can enjoy your favorite Tropical Sno Flavors with fewer calories and carbohydrates. By using Lite Sweetener any Tropical Sno flavor can be a “lite” flavor. Lite Sweetener is a blend of Sorbitol and Acesulfame-K. The result is a great tasting, low-calorie, flavor with only 26 calories per ounce. Lite Sweetener is packaged in six pound jugs, which is enough to sweeten two gallons of Tropical Sno Flavor.

**Lite Sweetener / TA-LITESWE**

## PUCKER PACKS

Add a sour sensation to your shave ice. Pucker Packs are small packs of sour granules that can be sprinkled on top of the finished shave ice. The result is a strong sour sensation followed by the sweet real-to-life taste of Tropical Sno. Pucker Packs are packed 250 packs per jug and four jugs per case.

**Pucker Pack Jug / TA-PUCK-JG**

## NSF Certification

The NSF certification mark on the Swan ice shavers confirms that NSF has assessed, and certified, the manufacturers conformity with the relevant NSF/ANSI standards. As part of the certification process, the Swan manufacturing facility is audited annually to assure that all the requirements of the standard are met, quality assurance and quality control procedures are followed, and labeling and product literature are true and accurate. In short, the NSF mark is your assurance that the product has been tested by one of the most respected independent certification companies in existence today, NSF International.

## HELPFUL HINT - ALWAYS TEMPER YOUR ICE BEFORE YOU SHAVE IT.

Most freezers will keep ice at 10° Fahrenheit or colder. However, ice shaves best if it is between 25° to 30° Fahrenheit. To temper (warm up) the ice you should remove it from the freezer thirty minutes to an hour before it is shaved. Tempered ice produces the best snow and will extend the life of your blade and your machine. Most people use a large picnic cooler to temper their ice. Remove the ice from the freezer and place it in the cooler. Leave the cooler lid open until the ice starts to melt or shine. Once the ice starts to shine you can close the cooler lid and hold the temperature until you use the ice. As the ice in the cooler is used you should replace it with more ice from the freezer so you will always have tempered ice available.

## SI-150E BLOCK ICE SHAPER

If you are looking for a lower cost alternative to the SI-100E then the SI-150 is the machine for you. Some of the outstanding features are:

- Produces fine flakes of snow that absorb the flavor to make a real shave ice.
- The texture of the ice is easily adjusted with a single knob.
- Easy to operate and maintain.
- One Year Manufacturers Warranty
- No NSF

### QUART POUR BOTTLES

Quart pour bottles are used to dispense, display and store mixed flavors. We recommend that you keep four bottles of each flavor on hand so you don't have to stop and refill quart pour bottles during the day. They are made of durable, clear PET plastic and are easy to clean. Quart Pour Bottles are available in cases of twelve.

**Quart Pour Bottles / AC-QTBOTTLES**

### DELUXE POUR BOTTLE SPEED RACK

Each speed rack holds twelve quart pour bottles and is an excellent way to organize and display your flavors. These racks are made of quality ABS plastic that is durable and easy to clean. Some assembly required. Dimensions: width 12", depth 17", height 12" (22" with pour bottle).

**Deluxe Bottle Rack / AC-RACK-DLX**

## BOTTLE CAPS

Bottle caps are made especially for the quart pour bottles. They are ideal when storing or transporting bottles of flavoring. Bottle caps come in packages of twelve.

Bottle Caps / AC-QWHITECAPS

## POUR SPOUTS

Made of soft flexible plastic, these spouts will last indefinitely with proper care. These spouts provide continuous flavor flow, making it easy to pour the flavors on the ice. Pour Spouts are blue and come in packages of twelve.

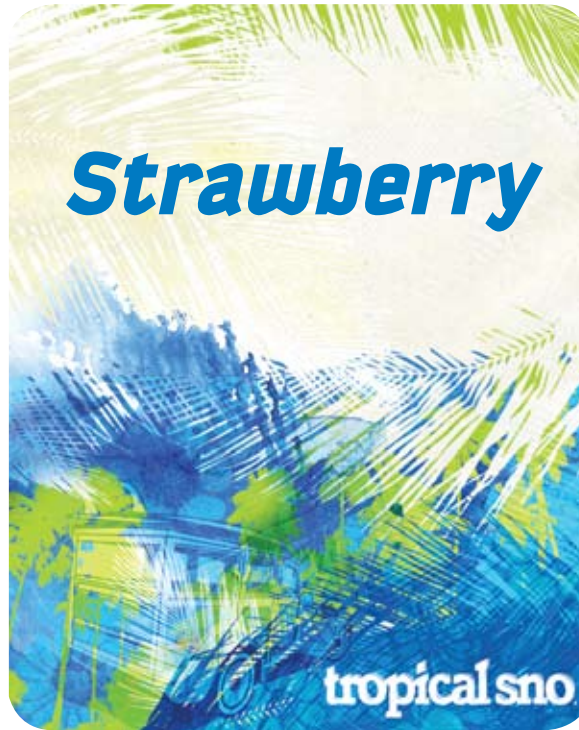

Pour Spouts / AC-QSPOUTS

## SPOUT CAPS

Spout Caps slide over the nozzle portion of the Pour Spout eliminating possible health concerns and unnecessary spills. Spout Caps come in packages of twelve.

Spout Caps / AC-QSPOUTCAPS

## BOTTLE LABELS

Ideal for labeling your quart pour bottles and gallon mixing jugs. Each label is 4" x 5" and is printed on a water resistant vinyl that can be washed many times without damaging the label. Labels are available individually or in sets that correspond with our standard flavor menus. Label sets do not include flavor concoctions. We recommend that you put a flavor label on the front and the back of each bottle so the flavor name is easily seen by the server and the customer. Custom label sets are available upon request.

## GALLON MIXING JUGS

Gallon mixing jugs are made of durable clear plastic, and are excellent for mixing and storing your flavors. They are designed with an extra wide mouth making them easy to clean. Mixing Jugs are packaged four per case with lids included.

Gallon Mixing Jugs / AC-MIXJUGS

### QUART BOTTLE CRATE

These Quart Bottle Crates are ideal for transporting flavors to and from your retail locations and events. These crates are very tough – designed to withstand the impacts, stresses and strains that occur during transportation. Crates can be stacked one on top of the other to maximize your available space. Each crate holds 12 quart bottles.

Quart Bottle Crate / AC-QTCRATE

### QUART BOTTLE TREE DRYER

The bottle tree is the perfect solution for air drying your quart bottles after you wash, rinse and sanitize them. The bottle tree allows the bottles to drain and collects the excess water in the tray at the bottom. Remember that sanitizer contact time is very important to the sanitizing process, and your bottles aren't fully sanitized until they air dry. Each tree holds 81 quart pour bottles.

Deluxe Bottle Rack / AC-QBTREE

### CHLORINE TEST STRIPS

Chlorine Test Strips are used to verify the amount of chlorine in your sanitizing solution. These test strips have a range of 10-200 parts per million. Simply dip test strip in the solution to be tested and the results are displayed immediately. Each vial contains 100 test strips.

Chlorine Test Strip / AC-TESTSTRIP

**HELPFUL HINT** - Follow these guidelines when cleaning your bottles and accessories.

#### WASH

In water at least 110° F with a good detergent.

#### RINSE

Thoroughly in clean hot water after washing to remove cleaners and abrasives.

#### SANITIZE

In warm, 75° F water mixed with Chlorine to 50-100 ppm and verified with a Chlorine Test Strip

#### AIR DRY

Sanitizer contact time is important. Do not towel dry.

## ICE PAILS

Use these ice pails to freeze your own block ice. They are made of strong, flexible plastic that allows the ice to expand as it freezes. Each pail comes with a lid, so several pails can be stacked in the freezer. Ice pails are packed 12 pails and lids per case.

Ice Pails / AC-ICEPAIL

## SPOONS

Printed Napkins / CP-NAPKINS

## Customer's Path to Purchase

The first three rules of marketing are location, location, location. To be successful selling Tropical Sno you need to be close to where people live, work and play. However, a good location alone may not be enough to propel your business to success. There is a Path to Purchase that starts from making the consumer aware of our product and brand, and moves them through the steps to purchase. At each point the consumer makes a decision to move closer to purchasing or move on to something else.

We are committed to providing you with the tools you need to create an effective path to purchase for your customers. Our goal is to provide marketing materials that will communicate to the consumer in a fun and relevant manner that Tropical Sno is the perfect, cool, refreshing treat. We hope the tools we provide will help make the shopping experience easier, and motivate your customers to buy Tropical Sno on a regular basis.

	AWARE →	ATTRACT →	ENGAGE →	MOTIVATE →	RETAIN →

## BRANDED CUPS

Branded Cups build brand identity and help differentiate Tropical Sno from the competition. Your cups are an extension of your overall image. Like our signage, menu boards and other marketing materials, Branded Cups represent a great opportunity to remind your customers, and everyone they come in contact with, who offers the best shave ice in town. Branded Cups are available in three sizes and are packed – 8 oz. 800 per case, 12 oz. 600 per case and 16 oz. 300 per case.

**Branded Cup 8 oz. – Dart 8J8 / CP-CUPTS8C-08**

**Branded Cup 12 oz. – Dart 12J12 / CP-CUPTS6C-12**

**Branded Cup 16 oz. – Dart 16J16 / CP-CUPTS3C-16**

I like using our Tropical Sno branded cups. The main reason I do is because my customers love them. I also used spill stoppers for the first time in 2011 and my customers think I'm a genius. Plus I make a profit on them and my customers gladly pay a higher price. I love our branded cups and spill stoppers.

Eric Slivinski – Phoenix, AZ – Permanent and mobile locations

## SPILL STOPPERS

Spill Stoppers are a great way to eliminate spills and add value to the Tropical Sno product. These new Spill Stoppers are designed specifically to fit over the Tropical Sno Branded Cups. Spill Stoppers are also a great way to increase sales. Available in three sizes to fit the 8oz., 12oz. and 16oz. cups. Packed 500 per case.

**Spill Stopper Green – Fits 8oz Cup / CP-SPILLS-08**

**Spill Stopper Blue – Fits 12oz Cup / CP-SPILLS-12**

**Spill Stopper Yellow – Fits 16oz Cup / CP-SPILLS-16**

Our initial hesitation with the branded Tropical Sno cups only lasted until we broke open the first box and began using them.

We noticed right away that customers were noticing us more and returning for purchases. Often we run into vendors who may sell a similar product at Fairs and Events, but customers know who to go back to once they've received a top-notch product in a nice Tropical Sno cup!

21" x 33" Menu, 24 Flavors + 15 Concoctions / AP-P-CM-ME

14" x 22" Menu, 12 Flavors + 9 Concoctions / AP-P-CM-LG

## HELPFUL HINT - ALL INCLUSIVE MENU

From vacations to banking, today's consumers hate hidden fees. That is why we recommend the "All Inclusive" menu. With the "All Inclusive" menu you eliminate the extra charge for add-on's like Spill Stoppers, Cream Topping or Pucker Packs. With all inclusive pricing the customer has the freedom to choose any or all the add-on's you offer for no additional charge. The result is happier customers that come back more often!

## LOGO DECALS

When your customers see the Tropical Sno brand they know that it means quality and service. We offer a variety of Logo Decals for you to choose from. Each decal is printed on premium adhesive vinyl and is expected to last several years without fading or cracking.

## WINDMASTER CURB SIGNS

The original and still the highest quality curb sign on the market. WindMaster curb signs combine the convenience of easy poster changes with superior construction and wind resistance to provide an outdoor display that will attract customers to your location. Available in two styles: the classic base with legs and the deluxe rolling base with wheels. Insert size 28" x 44".

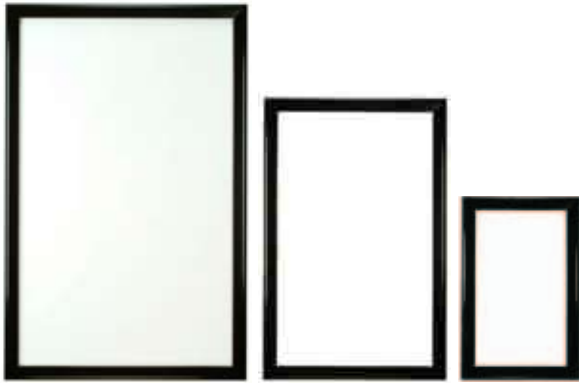

- Windmaster Classic Curb Sign / AP-P-WCS-28
- Windmaster Deluxe Curb Sign / AP-P-WDS-28

## HELPFUL HINT - BRANDING

Branding in the market place is similar to branding on the ranch. Cattle ranchers design a good branding program to differentiate their cows from the other cattle on the range. Even if all the cattle on the range look alike, the rancher can recognize his cows because of their brands.

We believe that the essence of the marketing process is building a brand in the mind of the consumer and that is why we have federally registered the Tropical Sno brand. The Tropical Sno brand is the most widely recognized brand in the shave ice industry. Our Brand is a symbol of our company, our products, and our reputation for high quality and service. When our customers see the Tropical Sno brand they know that it means quality, and they're about to have a party in their mouth.

## POSTER & MENU FRAMES

These poster frames are ideal for displaying your posters and menus. These frames offer the exclusive easy to use front loading snap frame on all sides making it easy to load new posters. Quality aluminum construction for indoor and outdoor use. Available in three sizes:

### HELPFUL HINT - NOT ALL ICE IS CREATED EQUAL

Not all block ice is alike. Most ice houses offer “compressed block ice”. Compressed Ice is made from small ice chips that are compressed and refrozen into blocks. Compressed Ice does not work well in a block ice shaver. As compressed ice thaws it can fall apart while in the machine. The best block ice is solid, clear block ice. Solid clear ice is made by filling a container with water and freezing it into a solid block of ice. Solid block ice can be purchased from some quality ice houses.

### HELPFUL HINT - FREEZING YOUR OWN ICE

If you want to freeze your own block ice in a conventional freezer, don't try and freeze the ice too quickly. Most people assume that because you are freezing a block of ice you should turn the freezer as cold as it can go. This is not the case. Set your freezer temperature to about 10°F. This will help eliminate a lot of the cracks that appear when ice is frozen too quickly.

## ELITE TRANSPORTABLE BUILDING 7 FEET x 10 FEET

Introducing the new Elite Transportable Building – the perfect solution for Tropical Sno Dealers! It has been said that you can't have the best of both worlds, but now you can. Since Tropical Sno started in 1984 the best locations have always been free standing buildings located in the parking lot of a local shopping center. Since the majority of all Tropical Sno locations are seasonal the biggest challenge has always been transporting the buildings to and from your location. The Elite Transportable Building comes complete with removable axles and wheels and four leveling jacks. Using the leveling jacks you can easily raise the building, remove the axles and wheels and lower the building into place. The whole process takes less than 30 minutes.
